PREPARE YOUR HOME FOR SUMMER!

It's time to get your home ready for Summer. After a long winter, re opening your house can seem overwhelming and stressful. But I am going to give you some easy to do items that will turn your home from waiter drab to winter FAB!!

First thing first is the outside! Your home on the outside is the first thing anyone sees. Here are some things to prepare it for all those summer parties.

1. Clean the Walkway and fill in any small cracks you may see!
2. Spruce up the Front Door!
3. Fix any lifted gaps or framing on your windows.
4. Replace the Driveway.
5. Tidy up the Flowers or plants in front of and behind your house.
6. Clean out gutters.
7. Scrub down the grill (which will be used A LOT in the summer)
8. put down grass seed for any grass that may not have lasted through the winter.

These are just a few things that can make a world of a difference to your house and get you out of the cold winter blues and back into the warm summer happiness!
